Do you trade internationally with China? Have you tried to enter the Chinese Market? Do you have experiences or best practice guidance and expertise you are willing to share to help international trade to China increase within Lincolnshire?

China is the world's fastest growing economy; the UK is the EU's fifth largest exporter of goods to China behind Germany France and Italy. Minimising the risks and managing the challenges is a factor of international trade worldwide, China is no exception.

'Trading with China' Breakfast Forum aims to help businesses obtain an understanding of Chinese business culture and the importance placed on good relationships, many of the potential pitfalls can be avoided with adequate preparation, in-depth research and seeking quality legal and business advice.
