

UK Fresh Produce Network (UK FPN)

A network to link UK fresh produce companies with the local and national supply chain. An interactive, member-led organisation, supported by the Lincolnshire Chamber of Commerce, providing a variety of services to inform, promote and lobby at the highest level.

Lincolnshire Chamber of Commerce is one of 53 British Chambers of Commerce and has access to international Chambers.

Information

Regular access to local, national and international sector focussed information.

Representation

Member concerns and issues actioned locally, regionally and nationally or fed into the British Chamber's network. We represent you at council and government levels and we provide legislation updates, policy forums and information sessions.

Networking

Regular networking events, monthly focus groups and informal networking evenings, putting you in touch with the supply chain.

Training and Skills

Working with local colleges and councils to promote the fresh produce industry to young people and upskilling of current workforce.

Membership of British Chambers of Commerce

53 accredited Chambers in the British Chamber network, providing national policy and representation, latest reports on economic and business surveys.

International Trade

Access to 48 overseas Chambers, linking members to potential customers/suppliers and supporting members who are currently trading overseas.

Promotion

Live links to member websites on Lincolnshire Chamber of Commerce website and online access to information.

Grant Funding

We work with the main funding bodies, ensuring centralised knowledge is used to support local businesses.

Corporate Hospitality

Exclusive opportunities for members to entertain at Annual Golf Day, Annual Awards and other key networking activities.
